Analysis of Proposed Consent Order to Aid Public Comment

The Federal Trade Commission (“FTC” or “Commission”) has accepted, subject to final approval, a consent agreement applicable to ReadyTech Corporation (“ReadyTech”).

The proposed consent order has been placed on the public record for thirty (30) days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement’s proposed order.

This matter concerns alleged false or misleading representations that ReadyTech made to consumers concerning its participation in the Privacy Shield framework agreed upon by the U.S. and the European Union (“EU”). The Privacy Shield framework allows U.S. companies to transfer data outside the EU consistent with EU law. To join the EU-U.S. Privacy Shield framework, a company must self-certify to the U.S. Department of Commerce (“Commerce”) that it complies with a set of principles and related requirements that have been deemed by the European Commission as providing “adequate” privacy protection. These principles include notice; choice; accountability for onward transfer; security; data integrity and purpose limitation; access; and recourse, enforcement, and liability. Commerce maintains a public website, <https://www.privacyshield.gov/list>, where it posts the names of companies that have self-certified to the EU-U.S. Privacy Shield framework. The listing of companies indicates whether their self-certification is current. Companies are required to re-certify every year

in order to retain their status as current members of the EU-U.S. Privacy Shield framework.

ReadyTech provides online and instructor-led training. According to the Commission's complaint, ReadyTech has set forth on its website, www.readytech.com/policies/privacy-policy/, privacy policies and statements about its practices, including statements related to the status of its participation in the EU-U.S. Privacy Shield framework.

The Commission's complaint alleges that ReadyTech deceptively represented that it was actively in the process of certifying compliance with the EU-U.S. Privacy Shield framework when, in fact, ReadyTech never completed the necessary steps to finalize its application, and was not certified to participate in the EU-U.S. Privacy Shield framework.

Part I of the proposed order prohibits ReadyTech from making misrepresentations about its membership in any privacy or security program sponsored by the government or any other self-regulatory or standard-setting organization, including, but not limited to, the EU-U.S. Privacy Shield framework and the Swiss-U.S. Privacy Shield framework.

Parts II through VI of the proposed order are reporting and compliance provisions. Part II requires acknowledgement of the order and dissemination of the order now and in the future to persons with responsibilities relating to the subject matter of the order. Part III ensures notification to the FTC of changes in corporate status and mandates that ReadyTech submit an initial compliance report to the FTC. Part IV requires ReadyTech to retain documents relating to its compliance with the order for a five-year period.

Part V mandates that ReadyTech make available to the FTC information or subsequent compliance reports, as requested. Part VI is a provision “sunsetting” the order after twenty (20) years, with certain exceptions.

The purpose of this analysis is to facilitate public comment on the proposed order. It is not intended to constitute an official interpretation of the proposed complaint or order or to modify the order’s terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.
